Scott, I appreciate your thoroughness and commitment to making **The Harlem Rockets Showtime Comedy Basketball** Event fun for all.

Clearly you responded well to the participants as everyone was decked out, even with the changes made at the last minute. I appreciate that you drove six hours to pick up product that I couldn't get to.

Judging by the size of the crowd and all the laughter the show was certainly a success.

I am glad to have been a part of it.

Good luck with future events,

John Gleason
