The Maine Hysterical Society has performed at several IDEXX Laboratories functions over the years. They have always done a great job in structuring each show to fit the audience in which they are entertaining. Whether our associates are from Maine or Europe they thoroughly enjoy the show. This is very important to us here at IDEXX Laboratories since we are a worldwide company.

I would recommend the Maine Hysterical Society for any type of group function. They provide, fun, interactive and professional entertainment. We look forward to using them again in the future.

Sincerely,

Lorna Puia
Leadership & Employee Training Manager
